Reimagining Real Estate in Bangladesh

The Problem in Bangladesh Real Estate Marketplace

Manual Workflows

Offline processes slow response, faulty information. Unpleasant experience

Fragmented Channels

Brokers, Facebook groups, scattered developers. Lack of one stop solution

Trust Deficit

High fraud risks deter buyers. Inherent mistrust in the processes

Interface Not User Friendly

Lack of smart interfaces. Very unattractive options currently in the market

Inconsistent Valuation

Grey area where buyer and seller both are misled

Massive Market Opportunity

Bangladesh's real estate market presents compelling fundamentals for sustainable growth and attractive investment returns. The market's trajectory shows consistent expansion driven by urbanization and rising middle-class purchasing power.

$2.75B

Secondary Market Domination
Focus on land, apartments, and commercial space

Next Phase: PropTech Expansion
Fractional ownership, Super App, building materials, furniture, fintech, consultancy, legal advisory

Start with Transactions. Scale with Intelligence. Dominate the Market.

Year 1 Financial Outlook – Building the Foundation (Moderate Projection)

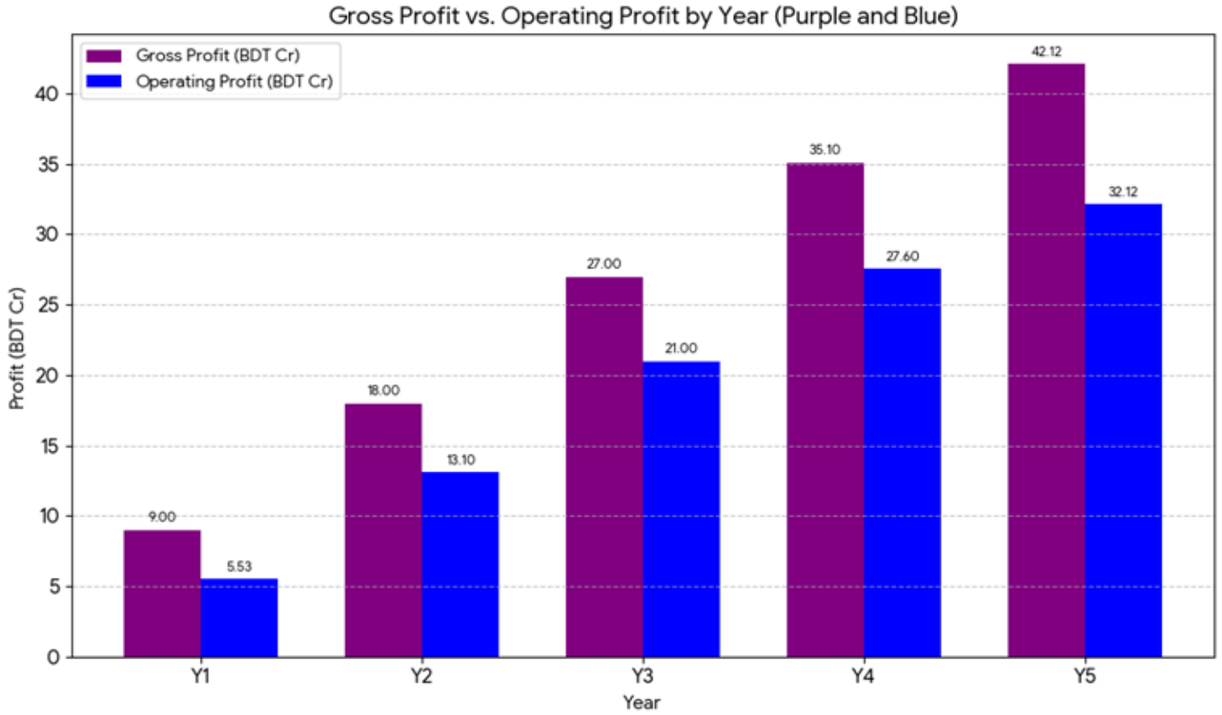
- **Total Operational Budget:** BDT 2.5Cr
- **Strategic Allocation**

Strategic Allocation:

- **Talent & Team Building** – Core leadership and sales force setup
- **Market Penetration & Branding** – Customer and agent acquisition campaigns
- **Technology Infrastructure** – AI-driven platform and digital operations

- **Financial Performance Highlights:**
  - **Projected Gross Profit:** BDT 9 Crore
  - **Operating Profit:** BDT 6.5 Crore
- **Focus: Lean operations → rapid traction → early profitability**

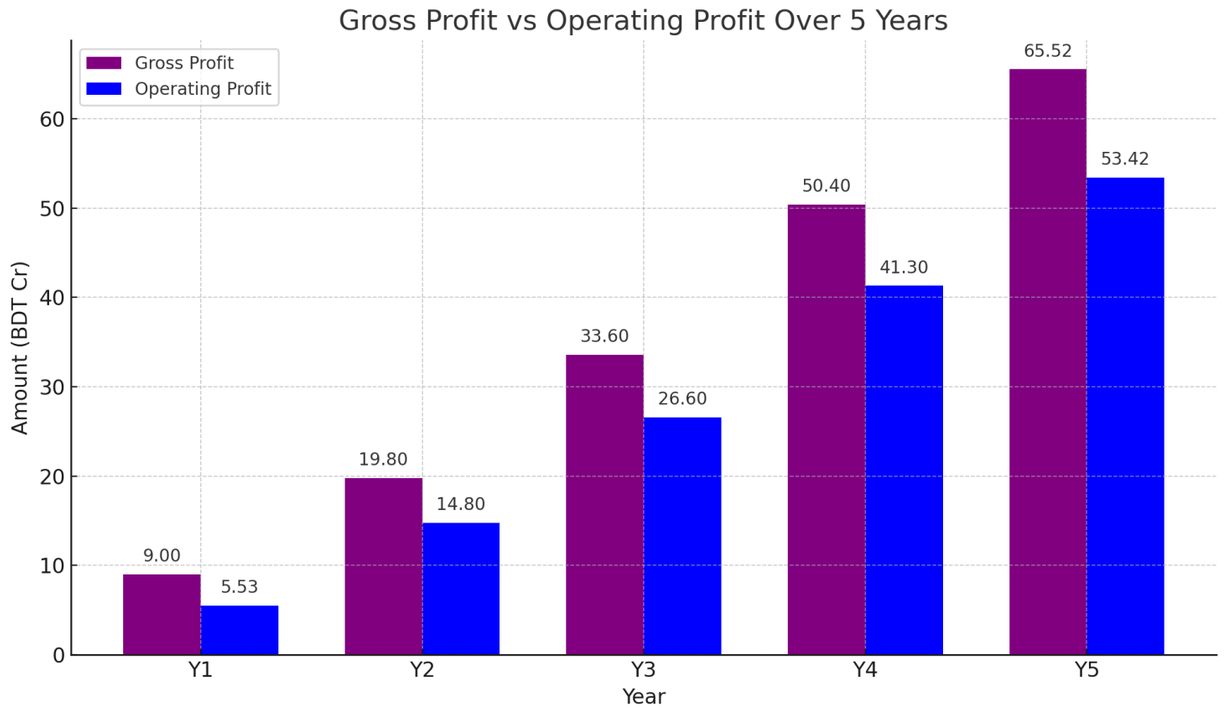
Conservative 5-Year Financial Forecast (Apartments Brokerage)



Year	Gross Sales (BDT Cr)	Gross Profit (BDT Cr)	Operating Profit (BDT Cr)	YoY Growth
Y1	270.0	9.0	5.53	—
Y2	540.0	18	13.1	100%
Y3	810.0	27.0	21.0	50%
Y4	1053.0	35.1	27.6	30%
Y5	1263.6	42.12	32.12	20%

This projection is conservative based on AI backed brokerage model for apartments only.

Aggressive 5-Year Financial Forecast Brokerage (Apartments)



Year	Gross Sales (BDT Cr)	Gross Profit (BDT Cr)	Operating Profit (BDT Cr)	YoY Growth
Y1	270	9.0	5.53	—
Y2	594	19.8	14.8	120%
Y3	1009.8	33.6	26.6	70%
Y4	1514.7	50.4	41.3	50%
Y5	1969.1	65.52	53.42	30%

Assumptions:

1.Considering commission to be 5 lac BDT per sale. Could be higher based on location and quality

2.Land not factored in. It brings much higher profits

3.Rental, Value Added Services and Eco System will add up and contribute to profits SUBSTANTIALLY.
